

The "Embracing Your Journey Expo" presented by Purple Lotus Productions is all about helping bring people together with the products and services that they need to assist them on their path of Mind - Body - Spirit discovery. The next Expo is on Earth Day and will have a special emphasis on living healthy with our planet in mind. With over 60 vendors offering a variety of Green Living, Holistic and Metaphysical Products and Services and special Earth Day activities and lecture topics there is something to appeal to everyone.

Purple Lotus Productions will be introducing some fun and interactive Earth Day themed activities for the entire family to participate in. Growing things, valuing our planet's resources and diversity are a few of the topics that will be touched on. One of the more "hands-on", or more accurately "feet-on", activities will be a "Grounding Area" where guests will have the opportunity to literally dig their toes into the earth while learning about the benefits of grounding, how to facilitate it and how it is good for all us in our Mind, Body and Spirit to take the time to connect with Mother Earth and the Universe. Carrying on with the celebration of Earth Day will be eco-friendly vendors and lecture topics.

Here is your opportunity to expand your mind, share experiences with friends and learn about something new while embracing a greater appreciation for Mother Earth. Find local green energy, green food, chiropractors, healthy cookware, nutritionists, CBD & hemp products, yoga teachers, naturapathic doctors, herbalists, crystal and energy healers, massage therapists, spiritual counselors, psychic mediums and more. There will be Aura photos, crystals, Astrology, life coaches, Essential Oils, Angel & Tarot readings, Animal communication, Art, Jewelry, EMF protecting items and jewelry too!
